Product Description

Now made with **100% recycled and recyclable plastic** this updated station is manufactured in high visibility green from recycled plastic materials incorporating two 500ml bottles of sterile solution, two eye pads, and an extra-large shatterproof mirror. With isolated workers in mind, easy to follow instructions on the fascia make self-administration by an injured person practical and straightforward.

The innovative wall mounting layout is almost half the size of traditional eye wash stations, and now makes it possible to deliver a complete response for emergency eye injuries in virtually any location.
